Federal Communications Commission
Equipment Approval Services
7435 Oakland Mills Road
Columbia, MD 21046

SUBJECT: MOTOROLA MOBILITY, INC.
Request for Technical Information
FCC ID: IHDP56LV1
CRN91158

To Whom It May Concern:

PCTEST TCB received an email from Motorola dated 9/23/10 (see attached Supplemental Response per CRN91158) in which they stated that, "Per agreement directly with the FCC we are addressing the Wi-Fi Hotspot capability with a revised cover letter." In the cover letter (also part of the attachment), Motorola states, "Motorola understands that this product grant is subject to review by the FCC and that additional documentation may be required regarding the WiFi transmitter. Motorola stands ready to provide such information, as needed." Based on Motorola's statement regarding their direct communications with the FCC and the statement in the cover letter, PCTEST TCB issued the grants in question, with the understanding that the granted application would be audited by the FCC, and that Motorola would fully address the Hotspot capability at that time.

Should you have any questions or comments concerning the above, please contact the undersigned.
