Let's get started

Before using your phone, please read the legal, safety, and regulatory information provided with your product.

Screen Protector. Screen protectors may reduce your phone's touchscreen sensitivity. Do not use screen protectors thicker than 0.5 mm.

¹ **Quick Button:** To customize your Quick Button, from the home screen, swipe up and tap **Settings > Gestures > Quick Button**.

² **Air Vent:** To prevent noise during calls or media playback, ensure that protective accessories like films, covers, and their adhesives do not obstruct the air vent hole.

³ **Wireless Charging:** Charge your phone using a Qi-certified wireless charger (may be sold separately).

⁴ **Use a headset:** To use a headset, you'll need one with a USB-C connector. If using a 3.5mm headset, you'll need an adapter to connect a 3.5mm connector to USB-C. Headset and adapter may be sold separately.

Put in the card(s) & power on

- 1 Insert the SIM tool into the SIM card tray hole to pop out the tray.

Make sure you use the correct size SIM card and don't cut the SIM card.

- 2 Insert the SIM card(s) with the gold contacts up, then gently push the tray into the slot.

eSIM option (one physical SIM model only): Your phone may support an eSIM (embedded SIM card) in addition to the physical SIM card. Contact your service provider for details if you want to activate and use it.

Connect with 5G: 5G service plan and 5G network coverage required; available only in select areas; device not compatible with all 5G networks. Contact your service provider for details.

- 3 Press and hold the Power button  to turn on your phone, then follow the prompts to get started.

To turn off your phone, press the Power and Volume Up buttons  +  at the same time.

Help & more

Get answers, updates, and info:

- **Help is here:** From the home screen, swipe up and tap **Settings** > **Help** to learn how to use your phone and get support.
- **Get more:** Get software, user guides, and more at www.motorola.com/mymotoedge.
- **Energy Label:** The Energy Label and product information defined within Regulation (EU) 2023/1669 is available at <https://eprel.ec.europa.eu/screen/home>.

Legal information. This guide provides important legal, safety, and regulatory information that you should read before using your product. For the complete legal information, from the home screen swipe up and tap **Settings** > , then type **Legal information**, or visit www.motorola.com/device-legal.

Dust and water resistance. For detailed information about your phone's dust and water resistance design and care tips, swipe up and tap **Settings** > **Help**, or refer to the *User Guide*.

Charging and battery safety. To prevent possible burning and injury, the battery in your phone should only be removed by a Motorola-approved service center or similar skilled personnel. If your phone becomes unresponsive, press and hold the Power button until the screen goes dark and your phone restarts.

The phone supports USB PD fast charging. The power delivered by the charger must be between min 5 Watts required by the radio equipment, and max 90 Watts in order to achieve the maximum charging speed. For the fastest charging speed, charge your phone using a Motorola 90W or higher USB-C PD (Power Delivery) charger (may be sold separately) with the included PD cable. Use of other chargers is not recommended and may impair the charging performance.

Chargers that do not comply with applicable national standards may be unsafe, with risk of death or injury, and may cause slow charging or product damage. Don't charge your phone in temperatures below -20°C (-4°F) or above 45°C (113°F). To view applicable standards and to learn more, see the "Legal information" section of this guide, or visit www.motorola.com/device-legal.

Warning about high volume usage. To prevent possible hearing damage, do not listen at high volume levels for long periods. When your headset volume reaches the high volume threshold, a warning shows. Tap **OK** to dismiss it, or wait one to five seconds, then press the Volume Up button to dismiss the alert and enable the volume to continue to be adjusted.

Disposal & recycling. Don't dispose of your battery or mobile device with your household waste. For help recycling products and packaging responsibly, visit www.motorola.com/recycling.

Class 1 Laser. This device is classified as a Class 1 Laser product, which is safe in normal use per

CLASS 1 LASER PRODUCT

IEC60825-1:2014. This device complies with 21 CFR 1040.10 and 1040.11, except for conformance with IEC60825-1:2014, as described in Laser Notice No.56, dated May 8, 2019. Do not attempt to modify or disassemble.

Extreme heat or cold. Don't use your phone in temperatures below -20°C (-4°F) or above 45°C (113°F). Don't store or transport your phone in temperatures below -20°C (-4°F) or above 60°C (140°F).

Legal disclaimers. Features, services and applications are network dependent and may not be available in all areas; additional terms/charges may apply. Product specifications and other information contained in this guide are believed to be accurate at the time of printing or release. Motorola reserves the right to correct or change any information without notice.

Arbitration. Your purchase is governed by a binding arbitration clause. For more information and how to opt-out, see the legal guide that came with your phone.

SAR information (on e-label). To view specific absorption rate (SAR) values for this phone, from the home screen swipe up and tap **Settings** > , then type **Regulatory labels**, from your phone's dialpad, type ***#07#**, or visit www.motorola.com/sar.

Technical specifications (Model XT2507-1). Wireless communication and data transmission of the smartphone is carried out using CDMA/GSM/UMTS/LTE/5G/Wi-Fi/Bluetooth technologies.

To view the detailed specifications for the purchased phone, swipe up from the home screen and tap **Settings** > **About phone**. Also, specifications are available on the label* of the product packaging.
