

MOTOROLA

Date: October 23, 2003

Subject: Request for additional information regarding FCC ID: IHDT56DG1 (Portable Cellular/PCS AMPS/CDMA transceiver)

Reference:

Application Received:	9/23/2003
Correspondence Reference Number:	231022A.IHD
Confirmation Number:	TC3241
Date of Original Email:	10/9/2003

Prepared by:

Andrew Bachler, Principal Staff Engineer
Motorola Personal Communications Sector
Libertyville, Illinois

Question and response follow:

1. Re your response to question #3 of my previous email- you refer to the plots on pp.20 & 26 of the original report. However, these plots (both Part 22 CDMA and Part 24 CDMA) do not indicate the actual measured occupied bandwidths of the emissions (the marker was set to peak search). Please submit plots that show the actual measured occupied bandwidths, as these values will be used in the emission designators on the grants of equipment authorization.

Response: Please refer to supplemental Test Report (DG-EX06B) submitted on October 23, 2003.
