**SUBJECT: Motorola Inc.
FCC ID: IHDT56HX1
Correspondence Reference No.: 39724
Request for Tech. Info.: 06/18/2007**

Dear Tim:

Transmitted herewith, on behalf of **Motorola Inc** is an amendment provided in response to the request for technical information dated June 18, 2007.

1. While certain Body-SAR measurements were performed with a 1.5 cm spacing, others (i.e., GPRS, and EDGE modes) were performed with a 2.5 cm spacing, as can be seen on p. 13/49 of the SAR Report. Absent the data to demonstrate RF exposure compliance at 1.5 cm spacing for all modes of operation, the grant comment specified 2.5 cm, since compliant data at 2.5 cm was included in the report for the referenced modes of operation.

We trust this information is sufficient to resolve FCC questions in this application. If you have any further questions, please do not hesitate to contact us.

Randy Ortanez
President
