

H24 HSPA module – NA TRI P5 to P5G
- Hardware Release Notes -

Scope:

This document describes the hardware release notes and population difference for H24 NA TRI model of HW P5G in reference to approved HW P5.

Product Change:

P5 to P5G HW modifications:

GPS/A-GPS line-up was modified in P5G to support active external GPS antenna instead of passive GPS antenna support in HW P5.

More detailed information (BOM change) can be found in Appendix A

Approved By:

A handwritten signature in blue ink, appearing to read 'Avraham Hasid', written over a light blue rectangular background.
