

Exhibit 1: Identification Label -- Pursuant to 47 CFR 2.925 and 2.1033(c)(11); and RSP100, Section 5 and RSS Gen, Section 5.2.

1.1 Location

On the bottom edge of the mobile device, laser etched into the trim band (see Figure 1.3.2, and also Exhibit 3).

1.2 Type

The label information will be laser etched.

1.3 Markings (Text)

The FCC label shown is representative of the label that will appear on the radio when in production.

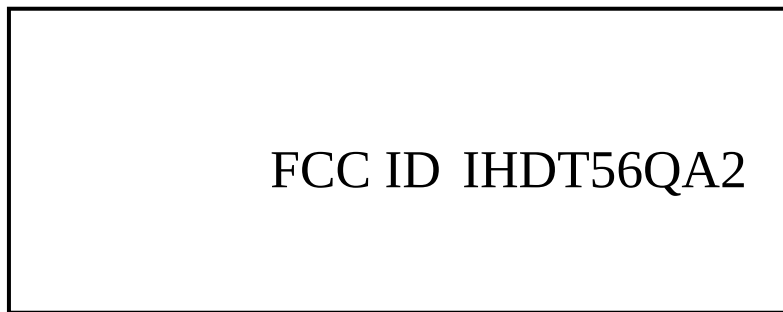

Figure 1.3.1. Representation of FCC Information.

This information will be permanently etched onto the equipment trim band as shown below, and in Exhibit 3. Other information may also be present.

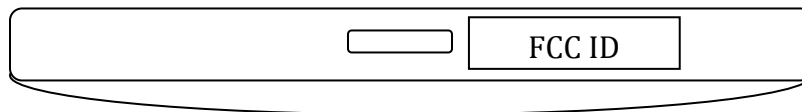

Figure 1.3.2. Location of FCC Label (Viewed from Bottom Edge of Device).

Please note that this label and its placement complies with the requirement of FCC Rule 47 CFR 2.925(d) that the label be permanently affixed to the product, and be readily visible to the purchaser at the time of purchase.

The product's Market or Trade Name is indelibly printed on the face of the product, as shown in Exhibit 3.
