Declaration

We hereby declare the following product:

FCC ID:IHDT56WA3

For the equipment authorization of LTE band 41, the design and the implementation of the device limits the operation in the range of 2545 MHz to 2655 MHz, and **it's targeted to be marketed in Japan, Philippines and China**. The purpose of the FCC certification is to consider the possible roaming in the US, and we ensure the device will operate strictly in accordance with the frequency range stated on the grant.

Sincerely yours,

Jeff Narducci
