Let's get started

Before using your phone, please read the safety, regulatory, and legal information provided with your product.

Note: Make sure your screen protector is compatible with the fingerprint sensor. Scan the code to see a list of recommended screen protectors.

Set up your phone & power on

Your phone already has a SIM card installed. Use these steps if you want to use a different SIM card.

1 **With the phone facing down**, insert the SIM tool into the tray hole to pop out the tray.

Make sure you use the correct size SIM card and don't cut the SIM card.

2 If necessary, replace the SIM card with the gold contacts up, then gently push the tray into the slot.

3 Press and hold the Power button, then follow the prompts to get started.

Hearing aid compatibility information

This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer technologies that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Ask your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, ask your service provider or phone retailer.
