Re: Application for Equipment Authorization (Type Acceptance) of a Portable Cellular Transceiver, FCC ID: IHDT5YD1

Gentlemen:

Motorola, Inc., Cellular Subscriber Sector, 600 N. U.S. Highway 45, Libertyville, Illinois 60048-5343 herein submits "Electronic" Application for Equipment Authorization (to be followed by mailing of Check Number 120-648548 in the amount of \$580.00 along with Form 159) for Type Acceptance of a Portable Cellular Transceiver under FCC Rule Part 22(H), FCC ID: IHDT5YD1. Motorola is also the manufacturer of this equipment.

Pursuant to §0.459 of the Commission's rules (CFR 47), Motorola requests confidentiality for portions of the material contained in this application and that the identified material be withheld from public inspection following the grant of this authorization. This material, as indicated by request for confidentiality of the items during the electronic submission process, includes: Information regarding Electronic Serial Number (ESN) protection; Exhibit 4, Radio Semiconductor List; Exhibit 5, Circuit Diagrams; and Exhibit 6, Circuit Descriptions. Specifically, these exhibits contain information relating to circuit function and complexity which could be of benefit to competitors. This material contains Motorola's trade secrets and confidential information which Motorola does not customarily release to the public and which is otherwise not generally available to the public.

This equipment has the capability to operate in both the conventional Analog Cellular standard and two Industry Interim standards. One, commonly called CDMA, is outlined in TIA/EIA IS-95-A "Mobile Station - Base Station Compatibility Standard for Dual-Mode Wideband Spread Spectrum Cellular System", dated May 1995. The second, referred to as N-AMPS or Narrow AMPS, is outlined in TIA/EIA IS-91-A "Mobile Station - Base Station Compatibility Standard for 800 MHz Analog Cellular, Auxiliary and Residential Services", dated November 1995. Technical details for these alternate cellular technologies (permitted under §22.901(d) of the Commission's rules) related to Type Acceptance of this equipment, as noted in paragraphs 31 and 32 of the Report and Order in FCC GEN. Docket No. 87-390, are detailed in item numbers 5 & 6 of Exhibit 2, and throughout the other exhibits as listed in item number 5 of Exhibit 2.
