Re: Application for Cellular/PCS Transceiver Certification
(Class II Permissive Change)

Application:

Motorola, Inc., Personal Communications Sector, 600 N. U.S. Highway 45, Libertyville, Illinois 60048-1286 herein submits items for Class II Permissive Change Certification of Cellular Transceiver, FCC ID: IHDT6BC1. Motorola is the manufacturer of this equipment.

Description of Change:

The latest version of the printed circuit board for this product slightly modified the placement of some components., When the Specific Absorption Rate (SAR) of this product was measured in accordance with FCC OET Bulletin 65 Supplement C 01-01, the results exceeded the values original reported to the FCC. A new SAR report is submitted with this class II permissive change application to report the revised SAR characteristics.

NOTE:

The SAR report indicates a 0.5 dB conducted power reduction. This was implemented to ensure that the rated radiated power is not exceeded. All other characteristics, were evaluated against the original test report. No additional degradation of characteristics are reported.

Contact Information:

Please contact me by telephone at (847) 523-6167, or by e-mail (A.Bachler@motorola.com), if there are questions or additional information needed concerning this filing.
