

MOTOROLA

2. Please verify that the statement required by Section 15.21 of the Rules will be included in the user's manual prior to shipment of the EUT.

Response: Confirmed; the final version of the manual will contain the statement required by Section 15.21.

3. Please specify the detector function used to measure spurious radiated emissions for the Part 24 EMC test.

Response: peak detector

4. Please provide a list of the support equipment used to perform the part 15B radiated and AC line conducted tests, as well as the FCC ID, or indication of DoC, for each item.

Response: The support equipment is listed in the original test report (Exhibit 6A3). Each item (computer, Zip Drive, & camera) are labeled as DoC.
