

**EQUIPMENT NAMEPLATE PER  
CFR., Title 47, Part 2.925**

**Bar Coding**

The diagram shows a rounded rectangular nameplate. Two arrows originate from the 'Bar Coding' label: one points to a series of vertical bars above the 'Model No.' field, and the other points to a series of vertical bars above the 'Serial No.' field. A third arrow originates from the 'Graphics to be black' label and points to the 'FCC ID: IHET5BL1' text. The nameplate contains the following text:

Model No. \_\_\_\_\_

Serial No. \_\_\_\_\_

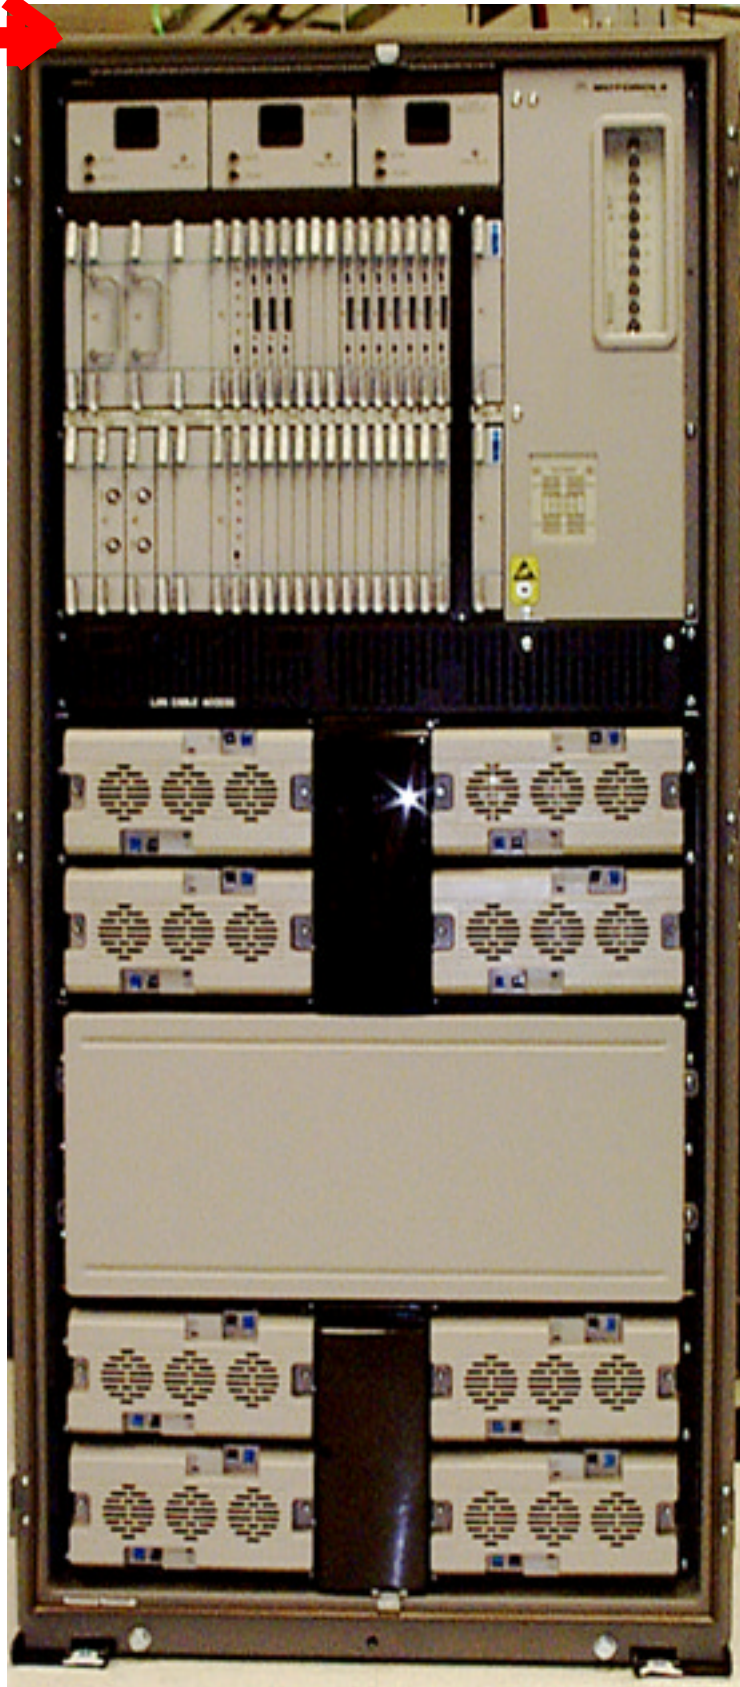

**MOTOROLA    FCC ID: IHET5BL1**

**Complies with Part 68, FCC Rules**  
**FCC Reg. No. IHEUSA-35778-DE-E**  
**REN: 03B    USOC: RJ11C**

**Graphics to be black** \_\_\_\_\_

**A name plate of this type, or one similar to it, will be affixed to every base station.  
This label is permanent, indelible, and tamper evident.**
