RE: FCCID: ILPWARFIDHF – Label Declaration

Wednesday, July 12, 2000

To Whom It May Concern:

This document is to certify that the label shown in Figure 1 is to be affixed to the A2832-1014-01 module on the DM023_B1 PCB.

In addition, the label shown in Figure 2 is for example to be attached to the Psion Workabout on the rear of the product, as defined in the user instruction manual.

Both of these labels will be indelible, not easily removed or attacked by solvents.

Yours sincerely

Signed on behalf of Psion Enterprise Computing Ltd.
