Mr. Fujimoto:

In order for processing of these certification applications (FCC ID: IOL-134-AV1034I) to continue, the following issue(s) will have to be addressed:

- 1) The authorization letter must state who is authorized to make representations on the applicant's behalf.
- 2) The label and the device shows the FCC logo, which is only appropriate for devices subject to the Declaration of Conformity approval process. Since this device is not subject to this type of approval, the logo should be removed from the label.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is IOL-134-AV1034I-1
