Dear Sir:

We would like to apply for confidentiality now for above application because the public available exhibits (part list, block diagram and schematics) on the FCC web-site have been used by our competition. This is the reason why our customer has lost huge profits.

We are aware that the exhibits (part list, block diagram and schematics) have been available to the public since the date of grant 09/16/2002

We will very appreciate your kindness.
