RE: FCC ID LDK102039

To Whom It May Concern:

With this letter Cisco Systems, Inc. authorizes Xircom to use Cisco Systems' processing gain data covering the AIR-MI340 (FCC ID: LDK102039) in application of Xircom's FCC ID. Xircom will be offering for sale the Cisco System AIR-MI340 radio modules under their own unique model number, SWE. Except for the product label and model numbers, the radios are 100% identical to their Cisco equivalent model numbers, and will continue to be manufactured by Cisco Systems.

Please feel free to contact me at 330-664-7362 for additional information.
