RE: Long Term Confidentiality Request For **family F3, MX900H and associated models, J5XMXHEM**

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that all information required to be submitted with this application be permanently withheld from public review.

Technical Drawings
Bills of material
Theory of operation
Block Diagram

These documents contain detailed system and equipment descriptions and related information about the product, which Grace Industries, Incorporated considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve Grace Industries, Incorporated feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

Robert Campman
