### Declaration Letter for Very Low Power Devices (6VL)

We, **Qualcomm Technologies, Inc.**, attest that this device under **FCC ID: J9C-QCNCM865** complies with device protocol requirements and operational restrictions for Very Low Power Devices (6VL).

- a) This device will prioritize spectrum above 6.105 GHz.  
**This mechanism contains confidential information; please refer to the OP exhibit for related details.**
- b) This device will use Transmit Power Control (TPC).  
**This mechanism contains confidential information; please refer to the OP exhibit for related details.**
- c) We understand and acknowledge that this device is subject to the following restrictions, which are also documented within the user manual:
  - Operation is prohibited on oil platforms and aircraft, except that operation of this device in 5.925-6.425GHz is permitted in large aircraft flying above 10,000 feet.
  - Control of or communications with unmanned aircraft systems is prohibited, including drones.
- d) Contention-based protocol as demonstrated in the test report is permanently embedded in the module and is not host-dependent based protocol demonstrated in the test report.

If you should have any questions regarding this declaration, please do not hesitate to contact us, thank you!

Sincerely yours,

---

Stanley Lin
