Location:

The diagram illustrates the back of a laptop with a red arrow pointing to the location of the rating label. The label is a rectangular area with the text "Rating label 150x20mm". To the left of the laptop, dimension lines indicate the label's position: a vertical line shows a distance of 110.30 mm from the bottom edge to the top of the label, and a horizontal line shows a distance of 30.10 mm from the left edge to the left side of the label. The label itself is 150 mm wide and 20 mm high. Below the label, there is a small table with four columns and two rows of text, including "Lenovo", "Certified", "Model Name", and "Serial Number".
