Declaration Letter for Very Low Power Devices (6VL)

We, **Qualcomm Technologies, Inc.**, attest that this device under **FCC ID: J9C-QCNFA725** complies with device protocol requirements and operational restrictions for Very Low Power Devices (6VL).

- a) This device will prioritize spectrum above 6.105 GHz.
This mechanism contains confidential information; please refer to the OP exhibit for related details.
- b) This device will use Transmit Power Control (TPC).
This mechanism contains confidential information; please refer to the OP exhibit for related details.
- c) We understand and acknowledge that this device is subject to the following restrictions, which are also documented within the user manual:
 - Operation is prohibited on oil platforms and aircraft, except that operation of this device in 5.925-6.425GHz is permitted in large aircraft flying above 10,000 feet.
 - Control of or communications with unmanned aircraft systems is prohibited, including drones.
- d) Contention-based protocol as demonstrated in the test report is permanently embedded in the module and is not host-dependent based protocol demonstrated in the test report.
- e) We declare that the TPC mechanism is not user configurable.

If you should have any questions regarding this declaration, please do not hesitate to contact us, thank you!

Sincerely yours,

Stanley Lin
