## 2.4G DIPOLE 2dBi ANTENNA

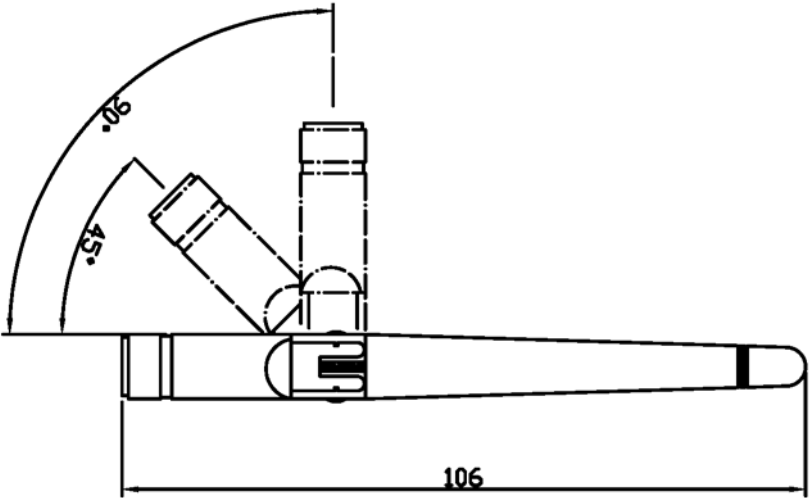

### Specifications/Special Features :

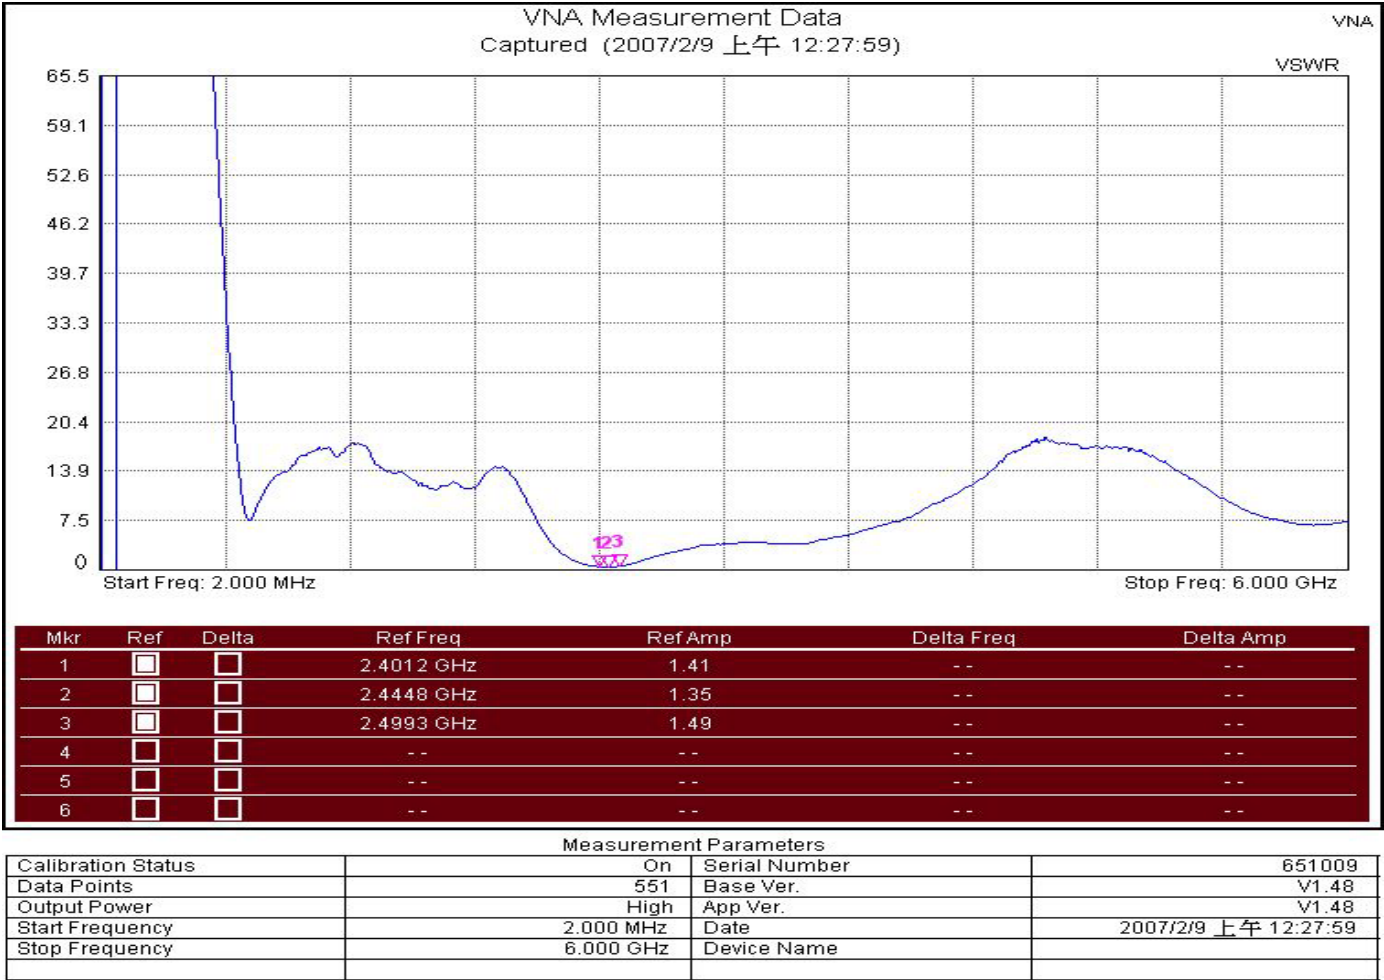

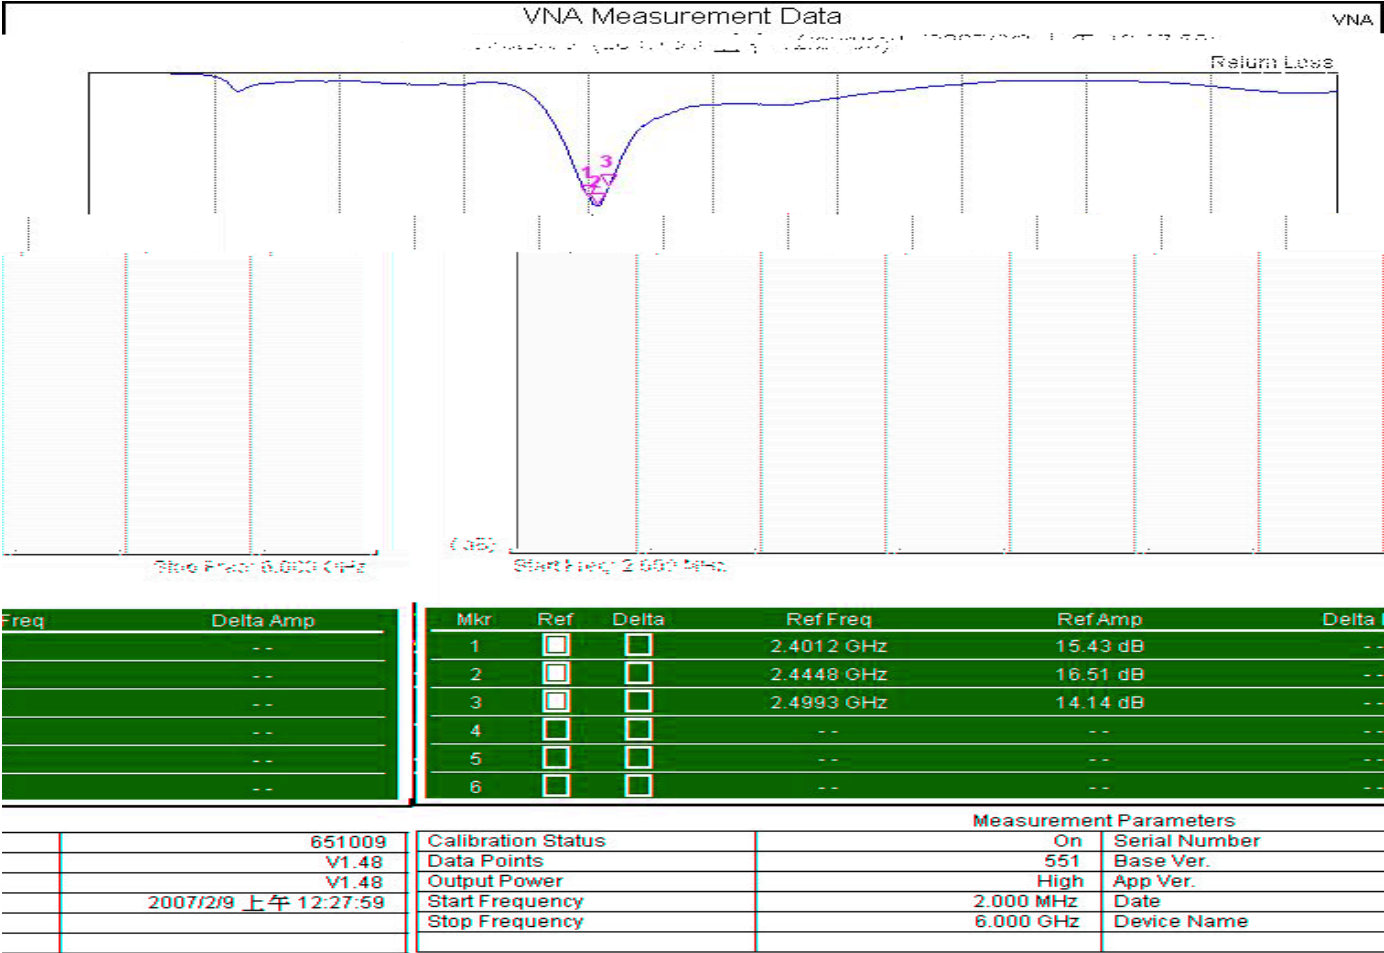

**This antenna is designed for  
wireless communications**

| Specification |                                |
|---------------|--------------------------------|
| Type          | DIPOLE                         |
| Model No.     | DA-24-04                       |
| Model name    | DA-24-04-SMR (FOR SMA PLUG RP) |
| CONNECTOR     | Option                         |
| Gain (d Bi )  | 2                              |
| Type          | DIPOLE                         |
| Polarization  | Linear Vertical                |
| SWR           | $\leq 1.5 : 1$                 |
| Frequency     | 2400~2500MHz                   |
| Weight        | 10g                            |
| Size          | H106×W13×D13mm                 |

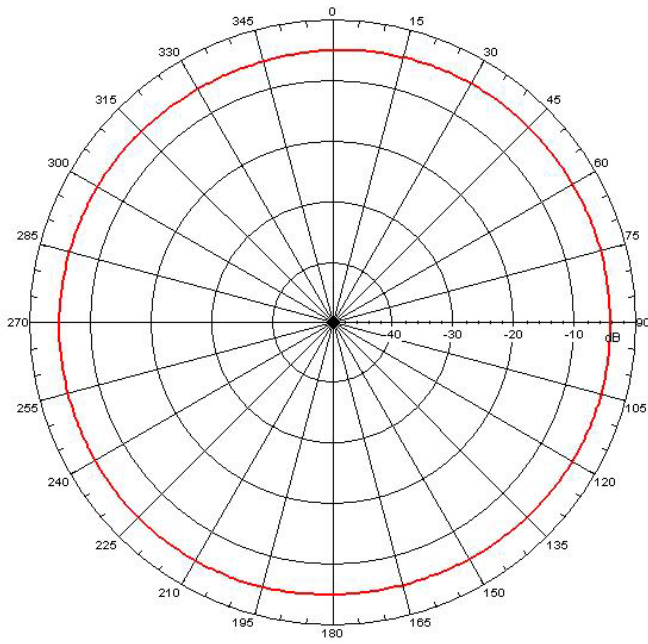

|            |     |      |   |
|------------|-----|------|---|
| DA-24-04   | 2dB | SIZE | 4 |
| 45° or 90° |     | DATE |   |

|   |             |            |    |             |      |
|---|-------------|------------|----|-------------|------|
| 1 | FREQUENCY : | 2.4-2.5GHz | 6  | IMPEDANCE : | 50 Ω |
| 2 | GAIN :      | 2dB        | 7  |             |      |
| 3 | V.S.W.R :   | <1.5:1     | 8  |             |      |
| 4 | LENGTH :    | 106mm      | 9  |             |      |
| 5 | CONNECTOR : |            | 10 |             |      |
