Request for confidentiality

Dear Gentlemen,

In regards the exhibits submitted in support of the application for FCC ID:JNX-OTI-SCI6100, please classify the following as confidential under the provision of 47 CFR 0.459:

- 1) Schematic diagram, file "Schematic_diagram_18966" (1 page);
- 2) Block diagram, file "Block_diagram_18966" (1 page);
- 3) User manual, file "User_manual_18966_rev1" (11 pages);
- 4) Operational description, file "Operational_description_18966" (1 page).

These exhibits contain technical information which On Track Innovations Ltd. deems to be sensitive and proprietary. Therefore this information cannot be published. If this information were to be made public it could be used to the disadvantage of the applicant in the marketplace.

OTI prefer to keep the User Manuals of its products under Confidentiality status due to the following:

- Our products are not "over the counter" products.
- The user manual contains specific technical information which is required for the interface of our products with the customer systems.
- The end users of the combined systems have no need to know the details of our readers.
- The distribution of this detailed information, even as free information over the FCC site, may harm our interests.
- Our products are sold to customers under special contracts where Confidentiality agreement is a natural part of the contract.

Many thanks in advance.

Hemy Itay, VP of Hardware Engineering
