RE: JZ2X001200

Request for confidentiality

Some of the material included in the data pack for JZ2-X001200 contains trade secrets and proprietary information. Because public disclosure of the material might be harmful to the applicant, it is requested that the following be withheld from public disclosure:

- Technical Description including Block Diagram
- Schematic Diagrams

Trade Secrets and proprietary information can be held confidential. Therefore we wish to invoke the act under provisions of section 0.457(d)

Sincerely,

A handwritten signature in black ink, appearing to read "L. Gershenovich", with a long horizontal line extending to the right.

Leon Gershenovich
