RE: LETTER OF AGENT AUTHORIZATION

To Whom It May Concern:

We, the undersigned, hereby authorize PCTEST Engineering Laboratory, Inc. to act on our behalf in all matters relating to application for equipment authorization, including the signing of all documents relating to these matters.

We also hereby certify that no party to the application authorized hereunder is subject to the denial of benefits, including FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C.862.

This authorization expires one year from the current date.

Sincerely,

Akzo Nobel K. K.

RE: CONFIDENTIALITY REQUEST FOR MODEL:TS-480HX, FCC ID:K4433101210.

To Whom It May Concern:

This letter serves as an official request for confidentiality under FCC Rule Section 0.459. We have requested that the **Schematic Diagrams, Block Diagram and Circuit Description** required to be submitted with this application be withheld from public review. The documents are company proprietary information that could never get into the possession of our competition.

Please contact me if there is any information you may need.

Sincerely,

Tamaki Shimamura

Letter of Attestation

Model: TS-480HX Scanning receiver

This letter attests to the fact that Kenwood scanner receiver model TS-480HX meets the requirements of the FCC Rules, 15.121(a). Compliance is achieved through the following method(s):

- (1). The Microprocessor employed has internal flash memory, however the programming information cannot be read out from the Microprocessor, therefore it has same means of protection as a masked Microprocessor.
- (2). The Microprocessor is not to accept programming, selection, scanning or direct entry of Cellular band frequencies.
- (3). Filtering precludes reception of mixer images or harmonics of Cellular band frequencies.
- (4). Subminiature SMD assembly and inaccessible multiplayer PCB construction all but precludes attempts at circuit hardware modifications.
