Attn: Reviewing Engineer

RE: Request for Class II Permissive Change on FCC ID: K44371400

To Whom It May Concern:

We wish to achieve the following outcome, by way of a Class II Permissive Change, shown below.

Add a frequency stability of ± 0.5 ppm to the existing Grant of Authorization.

Add emission designator of 4K00F1E, 4K00F1D, 4K00F7W and 4K00F2D to the existing Grant of Authorization.

Add to either the Notes field or to the text field of the Grant Notes, on the Grant of Authorization, the sentence, "The 0.5ppm frequency tolerance requires an OCXO UNIT (KXK-3)"

Please contact me if you require any additional information.

Sincerely,

Tamaki Shimamura
