

### **FCC Information for MOLE MAP**

The MOLE MAP IV receiver has been certified under FCC rules, part 15, and requires no licensing.

Note: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense. A shielded serial cable must be used in order maintain compliance to the FCC rules

Changes or modifications not expressly approved by Chori America or an authorized representative could void the user's authority to operate the equipment. The MOLE MAP IV is authorized for use only with the standard antenna.
