Hi Danielle,

We received the notification regarding **FCC requiring surveillance audit be completed by December 23rd for FCC ID KA2IRX1860B1** from our branch office in USA/Brett Adair. Since we didn't sell this product (DIR-X1860) in USA or Canada market, we do not have the production sample to submit for testing in time. Therefore, we would like to ask for the extension of due date from 23rd December, 2022 to 23rd January, 2023. So that we can have enough time to arrange the sample preparation then send them to the shipping address in USA. Looking forward to receiving your reply. Thanks.

Sincerely,

Date: 7th December, 2022
