Ref: Placement of Statements in the Owners Manual

Dear Sir:

This letter is to certify that Ortovox will comply that certain statements will be contained in the Owners Manual. Specifically 15.19, 15.21 and 15.105(b) will be contained in the Owners Manual.

Sincerely,

Marcus L. Peterson
Manager
Ortovox USA Inc.

MLP/bdm

The device shall bear the following statement in a conspicuous location:

"This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation."

15.21 Information to user

The user's manual or instruction manual for an intentional or unintentional radiator shall caution the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

15.105

(b) The instructions furnished to the user shall include the following or similar statement placed in a prominent location in the text of the manual:

"This equipment has been tested and found to comply with the limits for an intentional radiator pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:"

- Reorient or relocate the receiving antenna*
- Increase the separation between the equipment and receiver.*
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.*
- Consult the dealer or an experienced radio/TV technician for help.*
