

# ST-656/675/676-I Timing Plots (15.231a)

## ST-656/675/676 Tag Response to Hello Command (10 msec)

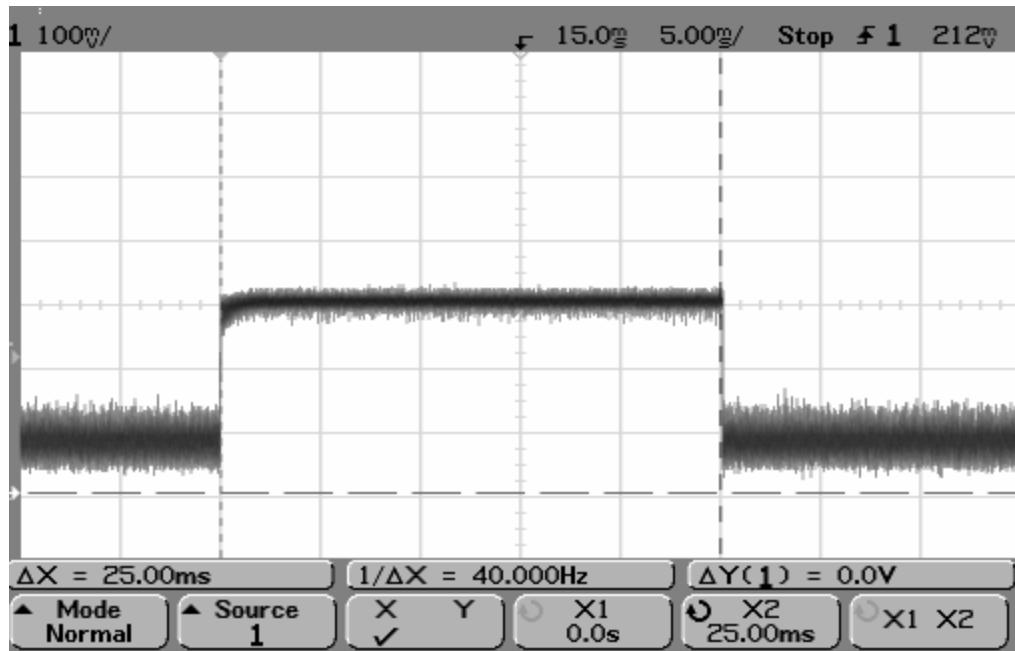

## ST-656/675/676 Tag Response to Hello Command (25 msec)

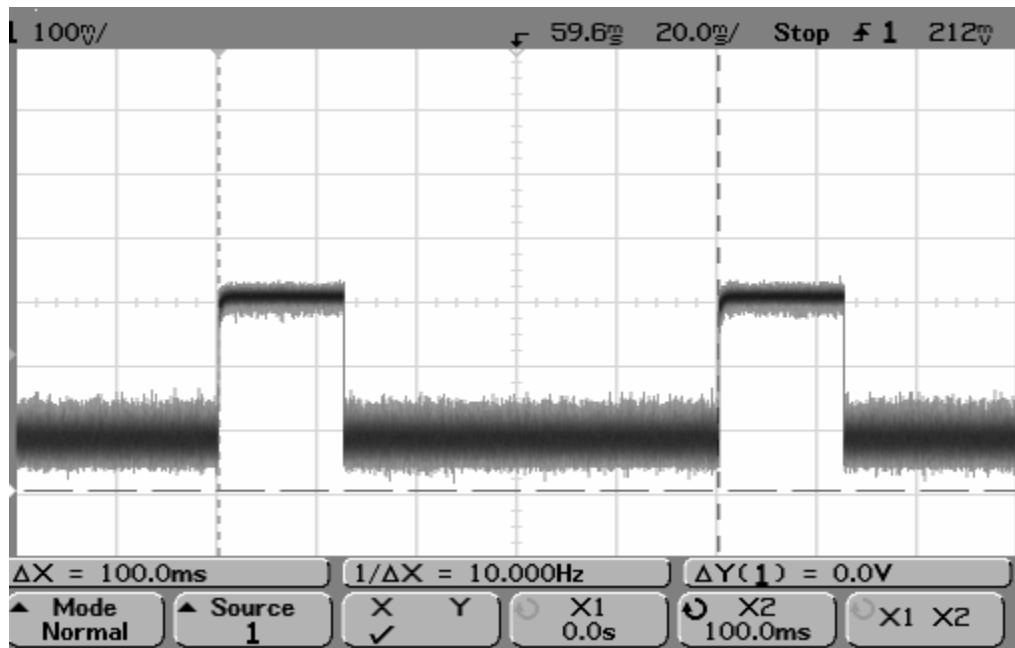

There is only one single transmission of these responses to the “Hello” command, therefore the duty cycle is always less than 25% and the duration is always less than 25ms.

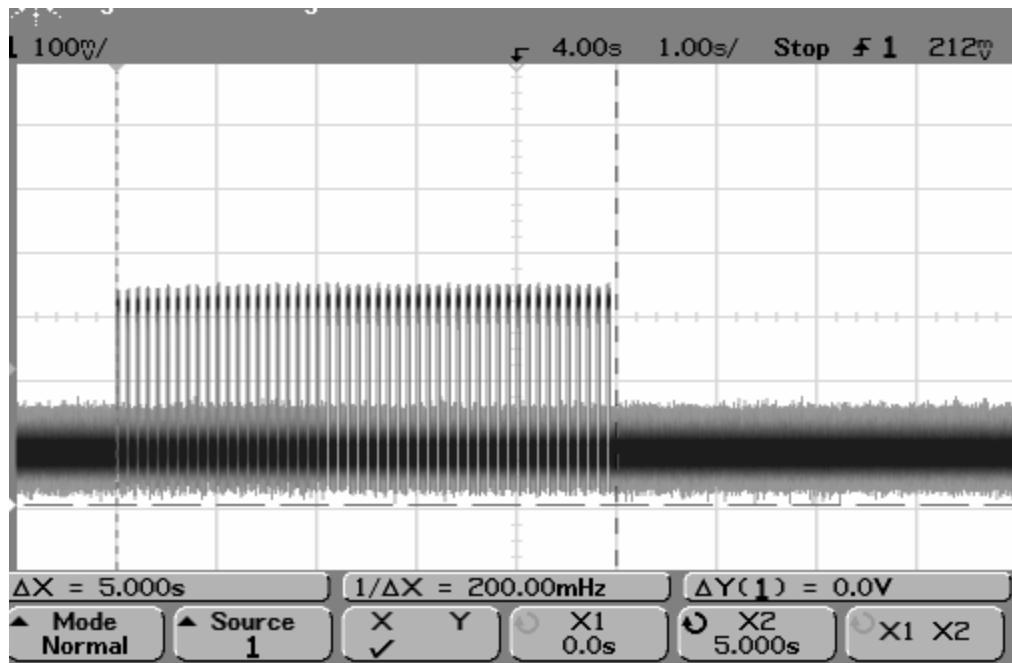

### ST-656/675/676 Tag Response - Point-To-Point Command (25 msec Pulse)

### ST-656/675/676 Tag Response - Point-To-Point Command (100 msec Period)

## ST-656/675/676 Tag Response - Point-To-Point Command (5 sec Period)

Single burst of point-to-point control transmissions less than 5 seconds long.
