

E3 AND VARIANT MANUAL AND FLOAT-FREE LABELS

This document details the labels fitted to the E3 EPIRB and it's variants. In most instances the images are scanned labels, as fitted to units, but are not to scale. In all other cases drawings of the labels are included where the labels are produced in-house. Details of the label placement may be inferred by reference to the EPIRB photos in the 'FCC photo's' folder with this submission.

Page 2	Drawing of EPIRB fitting label.
Page 3	Drawing of barcode label.
Page 4	Drawing of expiry label.
Page 5 and 6	Scanned images of float-free housing labels.
Page 6	Scanned images of manual bracket label.
Page 7	Scanned images of E3 variant front label.
Page 8	Scanned images of SOS variant front label.
Page 9	Scanned images of SEA variant front label.
Page 10	Scanned images of rear switch labels.
Page 11	Scanned images of rear information labels.
Page 12	Scanned images of operating placards
