

Re: Certification for Ford
Passive Antitheft System (PATS)
FCC ID: KMH-15607-CP3PATS
CANADA: to be provided by IC

FCC/IC ID LABEL

The below shown label (polyester, opaque white with black print) will be permanently attached on the outside of the plastic case of the device. See photo in Exhibit I (p. 3) for location.

Full size

200%

Because the device is too small to accomodate a label with the Compliance Statement, the following statement will be contained in the (car) Owner's Manual (Exhibit J):

This device complies with Part 15 of the FCC Rules and with RSS-210 of Industry Canada.
Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

WARNING: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: A letter authorizing use of a modified compliance statement is the next page of this exhibit.
