Description of EUT Operation:

Sample Description: RC LIGHTNING MCQUEEN– 27MHz
RF REMOTE CONTROLLER (27.145MHZ)

FCC ID (if applicable): **KTU-6585-RC01**

The Equipment Under Test (EUT) is a battery-operated hand-held / portable RF transmitter for remote controlling the movements of an electric toy vehicle, with integrated antenna. The carrier frequency is fixed at 27.145 MHz. The command signals are amplitude-modulated. It has an on/off power switch on the front panel. There are two shifter switches on the front control panel. The left-hand one controls the toy vehicle moving forward and backward, and the right-hand one controls steering left or right in direction. It has one switch for turn on the light and sound of the vehicle.
