Justification for requesting permanent confidentiality for internal photos

- QPS201 / LPS is operated in restricted access areas
- The design of the system prevents easy access to and viewing of internal components, modules, and assemblies. Circuit boards are covered with shielding and back covers on panels of the enclosure.
- QPS201 / LPS is serviceable only by Rohde & Schwarz personnel or designated persons who are bound by Non-Disclosure Agreement (NDA). An example of the NDA is provided with this filing for reference.
- The internal photographs that are provided with this certification filing are available only to the R&S personnel involved with this FCC Certification. To prevent inadvertent disclosure, each photograph includes a watermark with the following text in diagonal, across the whole photograph:
ROHDE & SCHWARZ - PROPRIETARY & CONFIDENTIAL
- In addition, the bottom of the photograph contains the following watermark text:
ROHDE & SCHWARZ COMPANY PROPRIETARY
Unauthorized use, reproduction & distribution is strictly prohibited
