

Antenna Datasheet

1- Device and Antenna Structure

Model name and manufacturer of the antenna: FPCB 03 ANT RIC (bulk ware) 006-0439-03

Manufacturer: Sonova AG

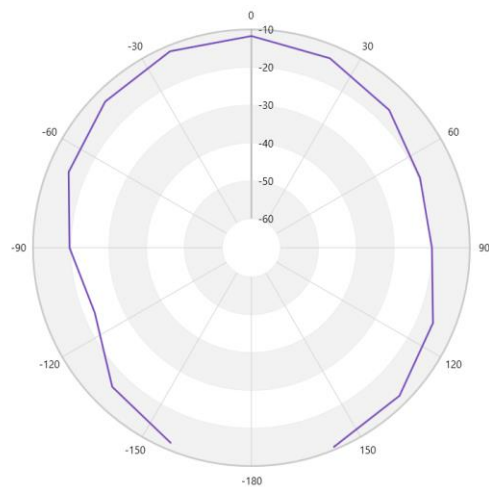

Technical key information:

Antenna Type: loop antenna

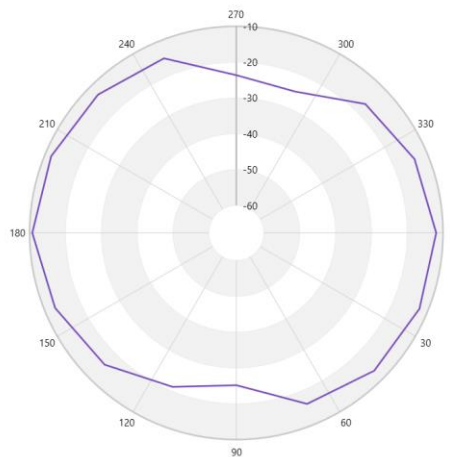

Antenna Gain: **Peak gain** -11.0 dBi (built in final HI) , **Avg Gain** : -14.0dBi Omnidirectional pattern on free field, with max on the plane of the antenna

Connector Type: Soldered pad connection on flexible PCB, via a transmission line

2- 3D Radiation Pattern at 2.44GHz

Elevation (°)

Azimuth (°)
