Labeling

The FCC equipment label (see fig 1) shall be affixed to the bottom of the case (see fig 3).
To do this, the clip of the Campus (see fig 2) has to be removed.

Note:

Since the device is small, it is not practical to place the complete compliance statement as specified in Section 95.1017 (a) on the equipment label. Instead, the required information was included in the user manual as shown below (95.1017 (c)):

FCC ID KWCCAMPUS

This device may not interfere with TV reception or federal government radar, and must accept any interference received, including interference that may cause undesired operation.
