FCC Authorization & Evaluation Division
7435 Oakland Mills Road
Columbia, Maryland 21046

Gentlemen:

We are submitting for **RF Technologies**, a **Smart Sense Infant Transmitter** (318 MHz with either a 66 kHz or a 262 kHz Transmitter), **Model Numbers: 9450-5066 & 9450-5262**, with an **FCC ID: KXU-CBTX** for **Certification**. This unit has been tested and complies with **Part 15, Subpart C**.

FCC Certification is not required for the 66 kHz or 262 kHz transmitters since they meet the exemption as described in 47CFR Part 15.201(a). All emissions are >40dB below the limits set forth in 47CFR Part 15.209. These have been tested and verified pursuant to the procedures in 47CFR Part 2, Subpart J. One or the other is on the circuit board with the 318 MHz transmitter.

If there are any questions in regard to this application, please call D.L.S. Electronic Systems, Inc. at (262) 279-0210. Enclosed you will find a copy of our test reports with the information and results of tests that is required under Part 15, Section 15.231.

Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read "William M. Stumpf", written in a cursive style.

William M. Stumpf
