P-Com, Inc. is submitting this Form 731 application for certification, under Parts 2 and 101, of point-to-multipoint equipment operating in the 24 GHz frequency band. P-Com, Inc. is both the manufacturer and applicant for this product with offices at:

P-Com, Inc.
1801 Penn Street
Melbourne, FL 32901

Phone 407 674-3600
Fax 407 674-3700

P-Com, Inc. has been issued FCC Grantee Code **L5X**.

We are requesting that the FCC Identifier of **L5X-PMP-04-240** be assigned to this product. This product will become an option to be utilized with another product that has been previously approved by the FCC and assigned the identifier L5X-PMP-04-000. This option allows this system, by exchanging the Sector Outdoor Units (ODU), to operate in the 24 GHz Band. **L5X-PMP-04-240** will be assigned specifically to the Sector (ODU) and will not affect the functionality of the Sector Indoor Unit (IDU).

We are requesting that certain portions of our filing be withheld from public inspection pursuant to §0.459. The reason for P-Com, Inc. to request confidentiality for this information and the specific information which we desire to be withheld from public inspection is provided in the attached Request for Confidentiality.

P-Com, Inc. has also provided a general product description and a list of the attached Exhibits prior to the technical information requested for the filing.

Thank you.
