Re: Class II Permissive Change  
FCC ID: LDK102042

To Whom It May Concern:

This Application for Class II Permissive Change is an MPE evaluation on RF safe distance/ transmitter co-location between the modular approved Mini-PCI Card (FCC ID: LDK102042) with antennas and the 5GHz UNII transmitter (FCC ID: LDK102045) currently under review at the commission. The application also adds a new 2.2 dBi Dipole diversity antenna to the existing grant.

Sincerely

Desmond Fraser  
President
