The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these materials may be harmful to the applicant and provide unjustified benefits to its competitors.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential be withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public.

Per section II, 3) of KDB 726920 D01 Confidentiality Request Procedures v01r02, the internal photos may be held confidential if the circuit board or internal components are not accessible to users. Medtronic's implantable devices, are not available to the public. These devices are available by prescription only by health care professionals and implanted directly in the patient. As the devices are sealed hermetically by a titanium can, opening the device is not possible without destroying it. Therefore, the circuit board or internal components are not accessible to users.

Short-Term Confidentiality:

Pursuant to DA04-1705 June 15, 2004 of the Commission's public notice, we also request temporary confidential treatment of information accompanying this application as outlined below for an initial period of 180 days.

Sincerely,

Client's signature:

A handwritten signature in black ink, appearing to read "GGG".

Client's name & title: Guillaume Girard /EMC and RF Regulatory Compliance Technical Fellow
