

Actiontec Electronics Inc

Modular Transmitter Approval Request

Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD21046

Company name: Actiontec Electronics Inc
FCC ID: LNQ802C2447

Gentlemen,

In accordance with 47CFR 15.212 Modular Transmitters and KDB 996369 D01 'Module Equip Auth Guide v02'. FCC ID: **LNQ802C2447** has been examined against the following requirements.

Requirement per 15.212 and KDB 996369 D01	Explanation from Grantee (do not write yes/no, but explain why product complies/how it is achieved)
The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly	Yes, the product has a shield. Physical components and tuning capacitor(s) are located on the module assembly.
The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal	Yes, The module has buffered modulation/data inputs.
The module must contain power supply regulation on the module	Yes, The modular transmitter has its own power supply regulation.
The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b)	Yes, The module contains one permanently attached antenna: PIFA ANT .
The module must demonstrate compliance in a stand-alone configuration	Yes, The module is in compliance with a stand-alone configuration.
The module must be labeled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labeling requirements)	Yes. The module has its permanently affixed FCC ID label and the FCC ID label is stucked on the shield.
The module must comply with all specific rules applicable to the transmitter including all the conditions provided in the integration instructions by the grantee	The module complies with all specific rules applicable to the transmitter.
The module must comply with RF exposure requirements	Yes. We provided an MPE report to show the module comply with RF exposure requirements.
