

15 Exhibit C - EUT Photographs

15.1 EUT – Top View

15.2 EUT-Bottom View

A black Verizon-branded mobile router is shown from a top-down perspective. The device has a silver top edge and a black body with horizontal ventilation slats. The Verizon logo is prominently displayed in the center. On the left side, there is a silver antenna and a red "CORX" label. Below the antenna is a "10VDC 1.5A" power input port. To the right of the power port is a "Reset" button. Further right are four yellow Ethernet ports labeled "LAN" and "WAN". A USB port is located to the right of the Ethernet ports. A ruler is placed horizontally below the device, showing measurements in inches and centimeters. The ruler indicates the device is approximately 10 inches long.
