U.S.A.

Subject: MOBEXCOM DVRS UHF Class II Permissive Change

Applicant: Futurecom Systems Group
Product: MOBEXCOM DVRS Vehicular Repeater
Model: MOBEXCOM DVRS UHF
FCC ID: LO6-DVRSUHF

Dear Sir/Madam,

The Mobexcom DVRS UHF is identical in design and construction with the one previously authorised by FCC under the FCC Identifier LO6-DVRSUHF for 403MHz to 512MHz frequency band. This Class II permissive change request is made in order to add the left-out 380MHz band and to authorize its entire operating frequency range from 380MHz to 512MHz. The previous model was capable of operating from 380MHz to 512MHz frequency band.

Regards,

Tony Bombera
