**To Whom It May Concern**

**Subject: DVRS UHF Class II Permissive Change for Correction of 11K0F1E & 16K0F1E Emission Designators to 8K10F1E & 8K10F1D**

**Applicant: Futurecom Systems Group**  
**FCC ID: LO6-DVRSUHF**

The Mobexcom DVRS UHF is identical in design and construction with the one previously authorized. This Class II permissive change request is made in order to correct the emission designators 11K0F1E and 16K0F1E to 8K10F1E and 8K10F1D for 12.5 kHz channel spacing for digital modulation. This correction doesn't affect any other DVRS UHF parameters as reported in the original and subsequent C2PC filings.
