INTERTEK TESTING SERVICES

1.0 **General Description**

1.1 Product Description

The equipment under test (EUT) is a RF lighting consisting of an electronic ballast . The EUT is operated at 32kHz and powered by AC 120V, 60Hz.

The brief circuit description is listed as follows:

- IC1, Q1, Q2 and associated circuit act as an oscillator
- Q3, Q4 and associated circuit act as an amplifier

1.2 Original Identification Information

The original identification (FCC ID) of the equipment is LOH843310 and granted on April 18, 2000. The name of grantee is Pollyflame Concept (HK) Limited. The copy of certificate is saved with filename: cert.pdf

1.3 Reason of Change in Identification

The original grantee, Pollyflame Concept (HK) Limited, revise the model number of the equipment. For marketing strategy, the FCC ID follows the corresponding model number. The equipment of this new application is electrically identical to the old application.

INTERTEK TESTING SERVICES

1.4 Representative of Previous Field Data

The data of the equipment previous field with FCC ID: LOH843310 by commission continues to be representative and applicable to the equipment bearing the changed identification.

1.5 Equipment Photo and Label

The equipment photo of the product is saved with filename: ophoto.jpg and iphoto1.jpg to iphoto4.jpg for external photo and internal photo respectively. The label artwork and the label location are saved with filename:label.pdf
