Dear Mister Fabina,

We have received your comments on the application for LOM990SRFL for Enraf B.V. We do regret that the information in the test report was insufficient and hope that the new version of the test report will contain all the necessary information. In this letter we have described the modified information in the test report as a result of your comments.

*Q1:*

Clauses 1.3 and 2.2 modified with additional information about pulse width and duty cycle information.

Emissions measured with Peak Detector added.

Clarified that emissions were also measured with sweep stopped.

EIRP values given in the test report.

*Q2:*

Clauses 2.2 and 4 modified with the requested information.

*Q3:*

Clause 3.1 modified with information about Resolution and Video bandwidth.

*Q4:*

Clause 4 modified with information about Resolution and Video bandwidth.

*Q5:*

Clause 1.3 modified with information about the operation of the device. Block diagram added to the test report (last page).

*Q6:*

Clause 3.1 modified with information about Resolution and Video bandwidth.

Q7:

Thanks for this important information. We will forward it to our customer so that it can be added to the documentation for the user.

Best regards,  
TNO Electronic Products & Services (EPS) B.V.
