

Explanation of modification

We, Alford industries Ltd , declared ,

About our product : Multi –Link Bluetooth Headphone

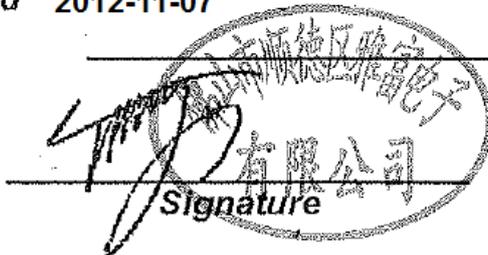

FCC ID : LPV-JXHDBT1

The difference of circuit and PCB layout between the old eut which have been certified and the new eut with revised circuit is that we only add a Sound optimization IC and its assistant components . And there is not any modification is about RF circuit and RF components. The Annex page 1 and 2 show what we said as above.
