Attention: Application Examiner
Re: Cover Letter

Reference:	Certification:	Limited Modular Approval
	Applicant:	Rosemount Inc
	Equipment:	RM2642 Radio Module
	Model #:	RM2642
	FCC #:	LW2-RM2642

To whom it may concern,

Enclosed please find an FCC ID: LW2-RM2642 Limited Modular Approval application under FCC rule part 15.247 and 15.212. Integration instructions and host test plan are also included. The Module is limited and will be subject to the following:

1. The module requirements not met requiring a Limited modular approval per r15.212 are RF shield is not included and the module was not tested stand alone.
2. The module does not have an RF shield and cannot be tested stand alone, therefore a PAG is required.
3. The module will only be used in approved hosts, made by the grantee and will not be used outside the grantees equipment and is not for sale to the general public. The module will be available within a kit for an aftermarket spare for industrial users' approved equipment made by the grantee.
4. Additional hosts must be added with a Class II permissive Change and follow the detailed host test plan and integration instructions.
5. The module was tested in Rosemount 4051S and Rosemount 3144S hosts.

Further details and supporting documents are attached.

Should you have any questions, please feel free to contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Wolf".
