

**1.1. Photographs of Radiated Emission (Spurious) Test Configuration**

- The photographs show the configuration that generates the maximum emission.

**FRONT VIEW****REAR VIEW**

## 1.2. Photographs of Radiated Emission (Fundamental) Test Configuration

Because the fundamental emission , **255KHz**, emitted by the EUT is too low to be measured at 3-meter test distance. The EUT was put at the center of the loop antenna to measure the fundamental emission.
