Re: Supersede request for FCC ID: MCLT77H462; Granted on 09/09/2013

To Whom It May Concern:

Due to multiple similar projects in process at the same time, we apologize that we have attached the wrong EUT photos (includes internal and external) to this application. We have reviewed the test data and confirmed that the submitted data does represent the certified EUT and only the wrong EUT photos were submitted.

To prevent misunderstanding to the public, we would like to request the FCC to supersede the exhibit described as "internal photos" and "external photos" outlined below with red color. A new revised exhibit is attached for replacing the previous wrong EUT photos.

Thanks.
