

Technical Data

- Weight (standard demountable version) 1495g
- Maximum flexion angle 140°
(this angle may be limited by socket size and alignment)
- Non-rechargeable battery pack – wired, fused, with diode - Lithium CR123A x 3 - nominal 9V
- Single bolt proximal alignment, 35mm dia. demountable tube clamp distal attachment or TT Shock Pylon option.
- Operating temperature range -10° to 50°C

The user shall be aware that changes or modifications not expressly approved could void the operating licences and exemptions.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:-

- 1) This device may not cause harmful interference.
- 2) This device must accept any interference received, including interference that may cause undesired operation.
